

Digital Cities

Considerations to discuss

Talk and Match IT - Schwechat

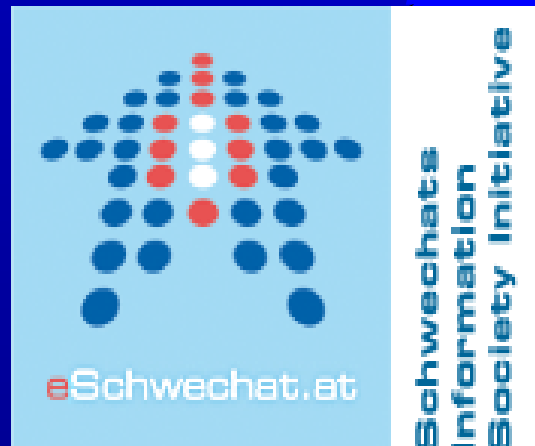

Dr. Friedrich Bock

2008

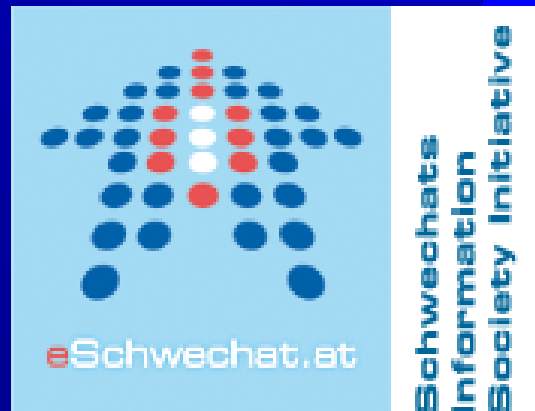

Digital Cities

- **Digital Cities are here to stay**
 - **Not a temporary hype**
 - **From old industries to virtual and physical services**
 - **Substantial growth to continue**

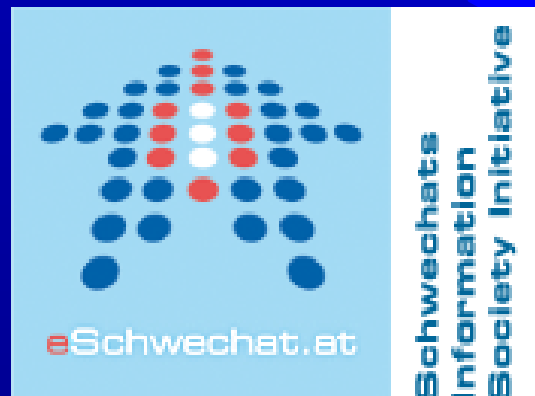

Digital Cities

- **Digital Cities cooperate**
 - **with other cities**
 - **with the citizens**
 - **with regional, national and international bodies**
 - **with the local economy and industries**
 - **with research and development**
 - **with education and social services**

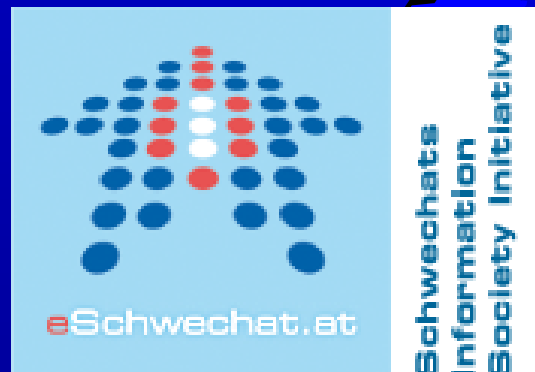

Digital Cities

- **Digital cities combine**
 - **modern eGovernment processes**
 - **the emotional factor**
 - **the creation of identity**
 - **the visible advantages for the citizens**
 - **the political will**

Digital Cities

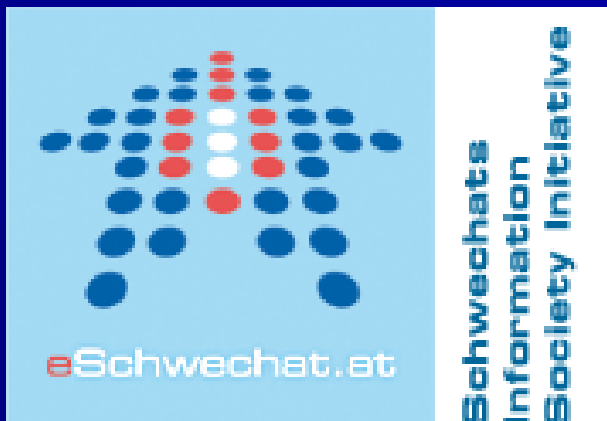

- **Digital cities function bottom-up**
- **The citizens decide on success**

Digital Cities

Today's symposium to contribute to these goals

Have a good and interesting day !
